War Thunder Aimbot 16 War Thunder Aimbot 2020 War Thunder Aimbot 2021 War Thunder Aimbot Download War Thunder Aimbot Free War Thunder Aimbot Reddit U If you play the game with cheat console enabled, you can enable one of the following features by defining flags. Stick To Target (STT) If the target is bright, the aircraft aims at that target. If the target is red, the aircraft aims at that target. If the target is friendly, the aircraft not only aims at the target, but also provides aid to the target. If the target is obscured by smoke, the aircraft not only aims at the target, but also provides aid to the target. If there is fire near the target, the aircraft provides aid to the target. If there are shielded vehicles near the target, the aircraft provides aid to the target. If the target is an enemy aircraft, the aircraft even provides aid to the target. If the target is an enemy vehicle, the aircraft provides aid to the target. If the target is a friendly aircraft, the aircraft not only aims at the target, but also provides aid to the target. If there is a friendly aircraft near the target, the aircraft provides aid to the target. A team captain may also give an airplane a weapon loadout of something else than a rocket for some of the above mentioned cases. If the target is an enemy aircraft, the aircraft aims at the target (and then shares the radar with the target), but no longer provides aid to the target. If the target is a friendly aircraft, the aircraft aims at the target (and then shares the radar with the target), but no longer provides aid to the target. In all above cases, the artillery will fire. Aim At Target The aircraft aims at the target, and if it is a friendly target, it provides aid to the target. 1. The aircraft can not aim in the sky. 2. If the target is obscured by smoke, the aircraft aims at the target and provides aid to the target. 3. If the target is a friendly aircraft, the aircraft aims at the target. 4. If the target is an enemy aircraft, the aircraft aims at the target (and then shares the radar with the target), but no longer provides aid to the target. 5. If the target is a friendly aircraft, the aircraft aims at the target (and then shares the 82138339de
