The mythical fantasy world, called the Lands Between, is broken into four separate nations. The Elves live in peace, keeping their secrets close to their chests and ignoring the outside world. The other three nations are the Orcs, Dwarves, and Humans. The Elves and Orcs have been at war for over 100 years, and recently the Dwarves and Humans have been on the edge of war. The reason for the Elves' decline from a supreme state of power is their constant conflict with the other three nations. The Elves are at the bottom of the hierarchy, and are seen as nothing more than a nuisance to the other three nations. The Elves believe that there are four supreme races in the Lands Between - the Elves, Orcs, Humans, and Dark Elves. Each race is ruled by a race leader who has the power to unite the people. These race leaders are descended from the First Elden King, who united the four races and created the Lands Between. In the Lands Between, all four races have been at war with one another for over 100 years. In this time, they have fought and annihilated each other, but none of them has been able to overcome all the other three. The four race leaders have failed the four races, and even if they were to unite the four races and the races' power became synonymous, they would still have failed the Elden Kingdom. There is a new leader, named Miranda Moon, the Queen of the Elves. Elves who have great power are gathering around her. Elden Lords are the fourth race leaders. They are the ancient and powerful individuals of the four races who are chosen to unite their own race. If a race leader is defeated, the next in line becomes the successor, and if the race is unable to find a leader, the race is annihilated. Elden Lords are chosen by the great Elf King himself, as long as he is alive. The Elf King wants to carry out the wishes of the Earth God, but he is dead now. When the Elves' power becomes synonymous with the Orcs, Humans, and Dark Elves' power, the Elves' power would be consumed by those three powers, and the Elf King's plan would be fulfilled. [Synopsis TBC] Unfortunately, the character's in the game are trapped in a dark labyrinth. I have to admit that it's the best part of the game, really. If

Reviewed by Suiza. ★★★★★ ENJOY THE SPECTACULAR WORLD OF THE LANDS BEWIETH!!! When you buy a copy of this game, you will receive a code for an item that you can use to open a mystery box, which will then randomly give you new items (an item code). However, there is no guarantee that you will receive the items you want. Try it out! ★★★★★ NEW ACTION RPG FOR YOUNG GIRLS. REVIEWED BY FURYluna. ★★★★★ I recommend this game for girls with certain topics. REVIEWED BY Night_Silver. ★★★★★ Why is this game rated (very) low? THE GAMEPLAY. The gameplay is what would make it a bad game. In theory, it is very fun, but in reality, it is not. You can go everywhere, and there is little chance that the enemies will attack you. You can also find items, special attack, and magic stones. However, enemies cannot be fought with these items. On the other hand, on some bosses, the number of hits you can do is small. It is hard to get the experience that other games have. PLAYER ENTRANCE. In the tutorial, you can jump and move freely, and you can also jump and attack by tapping on the screen. For weapons, you have a quick attack and a slow attack. But the weapon magic attack is not available. THE SPECIAL SYSTEM. Unfortunately, there are no special attacks. You can only use the special attack if you are not an Elden Lord. The reason is that,

according to the philosophy of the game, the best combatant is the one with the most powerful weapon, and more powerful attacks will be the best choice. DISCIPLINE SYSTEM. The discipline system is too hard. On some levels, you need to go to the discipline screen, and, if you fail, you can go to the right side again. On this screen, you have to choose a level to try to solve. However, you cannot switch back to the previous screen. If you skip too many times, then you will have a penalty, which will be reflected in the next trial. THE WORLD. There are random events. For example, some enemies will be required bff6bb2d33
