We're back, carrying our mission of making people well dressed. In this fast-paced puzzle game, you will have to guide a virtual character or crab in a mine filled with obstacles and dangerous places. The bigger your business, the greater the responsibility! Now in addition to always paying attention to the color, type and position of the pills and fitting one pill at a time, in the right order, to complete the pack, you also need to pay attention to your customers' bandages, carefully pushing them into the box to give them what they need. - 25 different locations - 10 different professions - 2 difficulties: Easy and Hard (see below) - 4 game modes - 15 types of pills - 3 different gameplay types: - Rhythm: The virtual character goes up and down the level in rhythm to other characters, creating a beautiful rhythm, and if you keep paying attention to customers your rhythm will naturally change as their levels go up. - Logistics: In logistics, you need to select the best combination of pills and bandages to suit every customer. - Survival: If your character is caught by any obstacle it will turn into a donut. Your customers are waiting for your help, so hurry up. - Timetable: Take a snapshot of the next 60 seconds and observe your customers' colours and the colour of their bandages. You need to pay attention to each one of them. - Supply: It's time to fill the container and make sure that it's full of pills and bandages. - Bandages: Now you need to select the right colour of pill to each customer depending on their bandage colour. But, you can only take 1 pill from each pack. - Timetable: Make sure you have enough pills and bandages in your inventory. - Map: On the bottom of the screen there is a map of your level. - Time: 1-2 seconds to go to the next level! Buy Pill Puzzle 2 - Access to all the game features. - Purchase in-game currency. - Unlock the premium version of the game. - Premium Content: 6 Levels of Personalization, 6 Levels of Backgrounds, 20 Packs of Treasures (120 Pieces in Total) System requirements: - Android 4.4 or higher - 1,2 GHz Samsung Galaxy S3, S4, S5, S6, S7, S8, One M9, Nexus

Q: Getting a combinatorial time complexity for operations on a sequence of length n and m of size N . I want to choose the correct order in which to apply the operations. Specifically, if my N is large enough, what order shows the best time complexity? For example, suppose the operations are additions (add,subtract), I want to prove that the time complexity of addition on a 1-vectors is better than addition on two 1-ve

Yet another year, another Conan adventure! (For more information on The Conan Roleplaying Game:EXPERIMENT ONE, an update to the established Conan Gaming Engine, visit www.conanengine.com.) The king of beasts, the lord of the throne, the conqueror of men, Conan of the Cimmerian Bears—yes, Conan of the Hyborian Age is poised to become a real player in your game of Exiled Player Characters in the dawn of the Elder Days! This rider's pack is your host: A fat (large), plain-looking wagon to haul the platters and pitchers of food. The ability to transport (and unload) eight people (two more than the Conqueror) in just two sections, four by four, keeps the price at a minimum. This special seat, the lyre, is for the Cimmerian King, with handles for his hands, a cradle for his head and lap for his legs: The latest models. Earlier ones could not carry him and still be a wagon. 'The biggest hint to the ancient and forgotten Hollywood cinema makers at the time was that the film director Anatole Litvak was working on a thick, elongated creature. It was already a powerful promotional tool. The film has a very clear iconography which is based on the famous "large head" of the mara king, an enormous headrest. Often the icons seems to be directly linked to the film or else both used as advertising tools. For example the "Viking" coat of the Cimmerian shaman is clearly taken from the film The Conqueror. The Change of the Setting When the

fabled city of Atlantis was first discovered by the enlightened civilization, the whole world saw the advent of a new kind of legend: Without fail, every era sought in vain to recapture the mythic age of the city. From a standard “sealed/hidden” invasion, the New Atlantis emerged: A fantastical city whose secrets were kept by its aristocracy. Over the centuries, however, the remaining archeologists of the time sought tirelessly to explore the marvels of the lost civilization, and eventually it became rare for anyone to fear the inevitable black-clad men of the Marrano’s Shadow’ to shut the guardians of the city’s Dark secrets and never-opened portal again. That was until the great awakening of a new dark age. Despite

Robots. They are so human, they walk on all fours, they have arms and legs, they speak, run and fly... A year has passed since the first robot was created, and things in the world of robots are evolving. Special machines are being created, but the human race itself is too weak to keep up with the evolution of the machines. Robots are constantly improving and evolving, but that evolution will soon turn into a crisis. The doors to the laboratory of Man are beginning to open. The future is in the balance, what will happen? Description: The Broken Robots is a 2D platformer built on the physical control of broken robots. You will get different robots that will be broken and will not be able to balance properly, and your job is to finish them off. The game uses a grid-based level design, that makes you memorize the levels to get through them. Each level comes with a short story that gives additional information. With its frantic pace, intense scenarios and challenging puzzles, this game is going to get your head spinning. About This Game: Robots.
